The overshadowing question is England is being ruined by the present continental policy. Will England now plainly face the issue with her ally and put to her the alterna-tive that either France will agree to let Germany have a chance at recovery or England must adopt other means of restoring Europe to peace and prosperity? A strong appeal to France is urgently needed. The moment is favorable in view of Loucheur's advocacy of a more reasonable policy. Law's handling of this great issue will be the solid test of his statesmanship.

Ogden's Finest Homes

Those large substantial homes, those cozy bungalows, delightful cottages, modern apartment buildings-the best structures in Ogden are built of brick. There is a real reason. Brick is not only substantial, it also provides a home warm in winter, cool in summer, with it a most attractive structure can be erected. Besides, brick buildings are cheaper, for their maintenance cost is so low. When you build, build of brick.
